

Title: Field Foreman

Location: Fresno/Bakersfield Area

Position Description: The Field Foreman works with the Restoration Field Manager regarding field operations and organizing/directing the daily duties of the Field Technicians.

Some of the essential functions and responsibilities include:

- Training and directing field technicians, youth conservation labor crews, and interns.
- Ensure that all farm personnel are fully trained to safely and effectively operate farm equipment.
- Operation of pesticide spray rigs in a safe and effective manner, paying close attention to standard safety practices, weather conditions and adequate plant protection.
- Operate tractors and other equipment for site preparation activities such as mowing and disking.
- Maintain agricultural equipment, irrigate restoration plantings as needed, and maintain irrigation systems.
- Provide regular communication to the Field Restoration Manager on project progress and field conditions.
- Assist in supervising field crews in planting, irrigation, spraying, and other agricultural duties.
- Ensure compliance of company policies within all local, state, and federal regulations including, but not limited to, OSHA regulations and wage and hour laws.
- Prepare data summaries, reports and analyses that include results, charts, and/or graphs to document and report findings and results.
- Collect, process, and deliver native plant materials. Assist with the collection of monitoring data.
- Performs other assignments from time to time as requested by the Field Manager to achieve department and company business goals.

Knowledge Skills and Abilities:

- Demonstrate cooperative behavior with colleagues, supervisors, and managers at all times
- Familiarity with irrigation systems, both surface water and wells.
- Intermediate computer proficiency skills
- Work well under pressure. Meet multiple, and sometimes, competing deadlines
- Ability to apply logical thinking and sound judgment to a wide range of practical problems
- Ability to read, understand, and follow oral and written instruction.
- Excellent verbal, analytical, organizational and written skills.
- Integrity and ethics beyond reproach.
- Commitment and enthusiasm to carry out River Partners mission.

Qualifications:

- Three to five years of experience in tractor operations
- Irrigation experience preferred

- Experience supervising employees in an agricultural setting
- Driver's license with no restrictions.
- Bilingual in Spanish preferred but not required.
